Superior Craftsmanship and Innovative Design

ANATOMIC PATHOLOGY | MEDICAL EXAMINER/MORGUE | ANATOMY LABS | NECROPSY

# Enhance Your Lab With Innovative Design

## GROSSING STATIONS

Mopec's grossing stations have been carefully designed and engineered to efficiently manage the evolving pathology functions while maximizing laboratory safety, ergonomics and space requirements. Our top-to-bottom stainless steel construction will maintain an indelible satin finish for years to come.

## FUME HANDLING

Mopec has a multitude of fume handling solutions available. We offer a variety of hoods, adapters, modules, workstations, storage and work cells to suit your laboratory needs. Our potassium permanganate and charcoal filters each have the ability to absorb over 50 different chemicals.

## HISTOLOGY

Mopec understands the importance of specimen preparation. We provide complementary equipment and instruments to facilitate the process. Our most popular histology products include the Pathport collection, which includes specimen transport and storage systems.

## CASEWORK

Mopec provides plenty of options for storing specimens and accessories. Whether you have a need for wall mount, base, corner, ventilated, free-standing, portable or specialty casework, we can assist you. Our cabinets' height and width can be customized to suit your laboratory's needs.

## ACCESSORIES

Instruments and cleaning supplies are essential to a safe working environment. Mopec offers a variety of cleaners, disinfectants, deodorizers and specialty instruments to complement your laboratory's capital equipment. Custom instrument kits are available.

# DESIGN & ENGINEERING FOR A SAFE LAB ENVIRONMENT

Mopec engineers will work as a partner with your project team to create or renovate your anatomic pathology lab. We can provide ideas and concepts illustrating the workflow through the facility with full 3D rendered models. Our team will provide detailed product information for the end user, facility engineer and contractors. We are also available to provide on-site project assistance and review.

## PLANNING & WORKFLOW

- NEEDS ANALYSIS
- PROPOSAL REVIEW
- SYSTEMS APPROACH
- DESIGN
- VALIDATION
- DELIVERY
- INSTALLATION
- TRAINING AND SUPPORT

## FABRICATION FACILITY

- Fully computerized fabrication equipment
- Live job tracking through the fabrication process
- Lean manufacturing is used to streamline workflow
- ISO Certified 9001

## CUSTOM ENGINEERED AND MANUFACTURED TO FIT YOUR REQUIREMENTS

- Custom equipment built to your needs and standards
- Conceptual product design
- Fully engineered plans
- Value engineering
- Ergonomics and safety
- Products engineered to meet performance requirements

**Mopec specializes in customized grossing stations. We focus on technology that evolves the safety, ergonomics and workflow for anatomic pathology labs in medical centers and research facilities.**

# About Mopec

Better By Design™

Mopec is committed to designing and manufacturing equipment and accessories to enhance your facility's safety, flexibility and productivity. Our technical prowess stems from a commitment to quality craftsmanship and high-touch service. Mopec is recognized globally for giving clients an unrivaled experience including design, manufacturing, installation and post-sales support. The industries we serve include anatomic pathology, medical examiner/morgue, anatomy labs, and necropsy.

## INDUSTRIES WE SERVE

Anatomic Pathology

Medical Examiner/Morgue

Anatomy Labs

Necropsy
