CHANGING THE LANDSCAPE OF MASS FATALITY REPOSE

## REFRIGERATION | EMERGENCY RESPONSE

# Guardian Quick-Deploy Cooler

Mopec is proud to announce the latest innovation and addition to its Guardian Systems product line. The Mopec Guardian Quick-Deploy Cooler is adaptable, portable, and is a rapidly deployable system for the long term storage of human remains. Mopec has integrated its new patented rack technology along with patent pending insulation technology to create an expandable remains storage platform that will instantly increase morgue surge capacity.

### SPECIFICATIONS

- Cooler Size: 106" W x 80" D x 74" H
- Operational Footprint: 224" W x 80" D
- Temperature Range: 32F - 42F at 1-5F ambient
- Power: 220V / 60Hz / 1PH - 20 Amps (International Configuration Available)
- Compact system for easy transport
- No tools required for easy assembly
- Less than 30 minutes of assembly time with two (2) trained personnel
- Patented Cadaver Racking System
- Patent-Pending Multi-Layered Insulated Panel System
- Interior & exterior layers are constructed of highly durable vinyl with integrated antimicrobial, odor control & surface modification technology
- Rapidly deployable
- In-Field Expandable: Expands from 12 to 24 decedent capacity with expansion module
- Compatible with Rapid Deployable Shelter Systems
- Individual access doors for easy loading and unloading, as well as controlling cooling loss
- Integrated ID Pockets
- Bariatric systems available
