PathCam Wall Mount System

The PathCam wall mount system enhances pathology workflow by integrating an articulating keyboard arm, monitor arm, and camera arm for ergonomic, space-saving digital documentation. Designed for use at grossing stations, it improves efficiency, accuracy, and collaboration in clinical settings through seamless integration of digital systems.

SPECIFICATIONS

Construction
- (1) 42" Wall-mount track
- (1) 10" Wall-mount track
- (1) Articulating Camera arm with 60" reach
- (1) Vertical CPU holder for 10" wall track
- Mounting hardware for wall tracks included

Materials
- Powder-coated cast aluminum grade 6061
- 304 stainless steel construction with a polished No. 4 finish

Dimensions
- Articulating Camera Arm:
  - Maximum Reach: 62" (wall surface to camera-mounting mid-point)
  - Minimum Reach: 20"
  - Rear pivot to mid-point of arm: 31"
  - Vertical CPU holder size Range: 1-3/8" to 3-3/4"
- Keyboard Arm: 17.9"- 22.3" L x 33.5" W x 16.1" H
- Monitor Arm: 12.3" L x 10.2" W x 17.2" H

Performance
- Has several pivot points to articulate up and down, and side to side.
- Can pivot at the wall, swivel, and tilt to optimize camera-viewing angle
- Can be pulled out when in use, then pushed back when not in use.

Compatibility
- Compatible with PathCam HD and HR Cameras
- AX032 Keyboard Arm
- AX034 Monitor Arm
- AX047 PathCam Foot Pedal Command

Variations

Model No.	Description	Compatibility
AX250HR	PathCam HR Wall Mount System	PathCam HR Camera
