

# Stainless Steel Ruler

The Mopec stainless steel ruler is a precision measurement tool designed for seamless integration into laboratory and pathology workflows. Crafted from durable, corrosion-resistant stainless steel, it ensures long-term reliability in demanding lab environments. Clearly etched metric markings provide accurate, easy-to-read measurements essential for consistent documentation and specimen analysis.

BA047

## SPECIFICATIONS

### Construction

- Double sided pathology utility ruler

### Materials

- Stainless Steel

### Dimensions

- 200 mm x 20 mm x 1 mm
