

# Air Purifier Replacement Filter

These replacement filters are designed for Ozone-generating air purifiers. The antimicrobial filter helps protect internal components while reducing mold, mildew, algae, and bacteria in the environment. It supports efficient system performance and should be replaced regularly to maintain optimal operation.

FS017

For reference only: Ozone Generating Air Purifier shown

## SPECIFICATIONS

### Construction

- A disposable Sporax antimicrobial filter used inside the ozone-generating air purifiers

### Quantity

- 6 per package

### Performance

- Check every 30 days
- Protects the inner components of the air purifiers from contaminants such as mold, algae, mildew, etc.
- Helps in maintaining cleaner internal airflow

### Compatibility

- Fits all Ozone Generating Air Purifiers
  - Small (FS011 and FS012)
  - Medium (FS013 and FS014)
  - Large (FS015 and FS016)
- 2 power options per size:
  - 120V / 60Hz
  - 230V / 50Hz

### Note:

- Ozone Generating Air Purifiers sold separately
