

AccuTrans® Dispensing Gun

The AccuTrans® Dispensing Gun is used to apply forensic casting material with precision and control. Designed to operate similarly to a caulk gun, it delivers an even flow without the need for manual mixing, allowing accurate and efficient application during evidence collection.

For reference only: AccuTrans® Starter Kit

SPECIFICATIONS

Construction

- A dispensing gun for the non-toxic polyvinylsiloxane evidence casting material

Performance

- Easy to use dispensing gun with no messy mixing
Load the gun, depress the trigger, and receive an accurate flow
