

AccuTrans® Wide Spreader Tips

These AccuTrans® Wide Spreader Tips are accessory components designed for use with the AccuTrans® Automix Dispensing System. They attach to the end of a mixing tip to produce an even stripe of casting material and help reduce material use and minimize the chance of air bubbles forming in the cast.

For reference only: AccuTrans® Starter Kit

SPECIFICATIONS

Construction

- Attached at the end of the mixing tips
- Wide spreader tips that guide the non-toxic polyvinylsiloxane evidence casting material

Performance

- Produces an even stripe of the casting material
- Helps only use the necessary amount of casting material
- Minimize the chance of air bubbles

Materials

- 40 per package
