

# Bode SecurSwab DUO-V

The Bode SecurSwab DUO-V is a complete forensic DNA collection system designed for efficient wet and dry sample collection with integrated drying and secure transport components. It is individually foil-wrapped to ensure contamination control and chain of custody integrity.

FS924

## SPECIFICATIONS

### Construction

- 2 swabs for wet and dry collection
- Integrated desiccants for drying samples
- Individually foil wrapped

### Performance

- Rapid drying system reduces processing time
- Protects against contamination during collection and transport
- Supports secure chain of custody with barcode tracking
- Optimized for high DNA recovery efficiency

### Quantity

- 100 per case
