

Chain of Custody Labels

These 3.5” x 6” labels are designed for identifying evidence and maintaining chain of custody documentation. They can be applied to a wide range of surfaces and include formatted sections for recording case details.

FT030

The FT030 label features a top section for case identification with fields for Reporting Agency, Case No., Date of Collection, Time of Collection, Collector, and Budget No. Below this is a section for 'Description of Suspected Evidence' and 'Location Where Collected'. The bottom section is a 'CHAIN OF CUSTODY' table with columns for 'From', 'To', and 'Date'.

FT031

The FT031 label is similar to FT030 but includes an additional field for 'Type of Offense' and 'Victim's Full Name' in the case identification section. The 'CHAIN OF CUSTODY' table is also present.

FT032

The FT032 label includes a 'Laboratory Section' at the bottom, containing fields for 'Received From', 'Received By', 'Date', 'Time', and 'Signature' for multiple entries. It also includes a 'Laboratory Number' field.

FT033

The FT033 label is a simplified version, focusing on the 'CHAIN OF CUSTODY' table with multiple rows for recording handoffs. It lacks the detailed case information fields of the other models.

SPECIFICATIONS

Construction

- Available in multiple formats with varying chain of custody layouts and documentation fields
- Pre-printed chain of custody formats
- Permanent adhesive backing

Performance

- Labels evidence for identification and tracking
- Provides organized fields for recording evidence details
- Adheres to various surfaces
