

Dispensing Gun

This Dispensing Gun is used in the Automix Dispensing System to apply forensic casting material with precision and control. Designed to operate similarly to a caulk gun, it delivers an even flow without the need for manual mixing, allowing accurate and efficient application during evidence collection.

For reference only: Casting Starter Kit

SPECIFICATIONS

Construction

- A dispensing gun for the non-toxic polyvinylsiloxane evidence casting material

Performance

- Easy to use dispensing gun with no messy mixing
Load the gun, depress the trigger, and receive an accurate flow

Note:

- Photo for reference only. Dispensing gun included only.
