

TATP/HMTD Test Kits

The TATP/HMTD Test Kit is a specific color test designed for the detection of TATP, a homemade high explosive, using sealed, contact-free ampoule technology. It delivers clear results in seconds, requires no mixing or measuring, and is designed for simple use with high sensitivity to trace residues.

FS412

SPECIFICATIONS

Construction

- Easy-to-crush numbered, glass ampoules

Performance

- 3-year expiration date
- Specific color test for TATP (homemade high explosive)
- Highly sensitive and stable

- Clearly visible colors for identification
- Immediate, reliable results
- Environmentally safe
- No chemical leakage
- Chemical-free experience for operator
- High sensitivity to trace amounts
- Simple to use

Materials

- Plastic
- Glass

Quantity

- 10 test kits
