

Self-Locking Evidence Security Tags

These Self-locking Evidence Security Tags are used to secure and identify evidence during collection, storage, and transport. Designed with a self-locking strap mechanism and tamper-evident construction, they help maintain chain of custody and provide visible indication if an item has been accessed or altered.

FS423

SPECIFICATIONS

Construction

- Self-locking
- Preprinted information
- Keep track of evidence through initialing

Performance

- Keeps evidence secure during the drying process, such as blood

Quantity

- 50 per package
