

Latent Print Lifters

Latent Print Lifters are designed to lift and preserve developed fingerprints from a variety of surfaces using a simple one-piece system. They provide a reliable alternative to traditional tape or hinged lifters for forensic evidence collection and presentation.

FS606-FS611

SPECIFICATIONS

Construction

- Protective frame
- Measurement scales
- Backing card

Performance

- Lifts developed latent prints from multiple surface types
- Produces tamper-proof, court-admissible evidence
- Allows quick, simple four-step application in the field
- Maintains clear print detail for analysis and comparison

Quantity

- 100 per package

Variations

Model No.	Color	Dimensions
FS606	Black	3" x 3"
FS607	White	3" x 3"
FS608	Black	3" x 5"
FS609	White	3" x 5"
FS610	Black	8" x 10"
FS611	White	8" x 10"
