

# Cocaine Cutting Agents Tests

The cocaine cutting agents test is a quick presumptive test designed to determine whether a cocaine sample has been mixed with adulterants or cutting agents. It provides a simple color-based method for preliminary purity screening.

FT114

## SPECIFICATIONS

### Construction

- Includes  
(10) Cocaine cutting agents test ampoules  
(10) Spatulas  
(1) Instruction sheet

### Performance

- Rapid presumptive adulterant testing
- Detects possible cutting agents
