

Number Wound Mapping Marker, Various Colors

These Wound Mapping Markers are an adhesive labeling system designed to enhance wound documentation in clinical and forensic photography. Featuring numbered markers (1–50), it allows users to clearly identify and differentiate multiple wounds within photographs, improving organization and accuracy in medical records.

FT359

FT360

FT361

SPECIFICATIONS

Construction

- Numbered (1–50) markers
- 2 arrows per sheet
- Helps in wound documentation by keeping photographed wounds organized in the medical record

Materials

- Skin-friendly adhesive

Quantity

- 100 sheets

Dimensions

- Sheet
6.4 cm x 26.7 cm
