

Scissors, Titanium, Iris

These Titanium Alloy scissors are designed for durable, precise cutting during post-mortem dissection. The titanium construction helps maintain sharp cutting edges longer and provides greater stain resistance than traditional stainless steel instruments.

SPECIFICATIONS

Construction

- Available in Curved or Straight cutting edge

Dimensions

- AA707 & AA708: 4" L

Performance

- NOTE: Do not use bleach or other caustic chemicals

Materials

- Standard grade titanium stainless steel

Variations

Model No.	Description	Cutting Edge	Dimensions
AA707	Scissors, Titanium	Straight	4" L
AA708	Scissors, Titanium	Curved	4" L
