RETRACTORS AND LIFTERS

Single-Prong Skin Hook

This single-prong skin hook is designed for delicate, light-duty post-mortem dissection. The curved hook supports controlled tissue isolation and retraction, while the serrated grip helps provide secure handling during use.

AD121

SPECIFICATIONS

Construction

- Single-prong
- Curved hook
- Serrated perimeter grip

Performance

- Designed for delicate, light-duty dissection
- Supports tissue isolation, retraction, and teasing

Dimensions

- Overall length: 6.25” (159 mm)

Note:

- **Not intended for medical applications or patient use.**
