

Bone Mallet, Lead Filled

This solid, lead-filled mallet provides increased impact for powerful, controlled striking during dissection procedures. Its durable construction helps deliver consistent force and is ideally suited for striking flat surfaces when additional impact is required.

AE004

SPECIFICATIONS

Materials

- Standard grade stainless steel

Dimensions

- Overall length: 9.5" L
- Filled face: 35 mm

Note:

- Not intended for medical applications or patient use.
