HISTOLOGY EQUIPMENT

Mopec Paraffin Wax Block Trimmer

Mopec's Paraffin Wax Block Trimmer is designed to remove excess wax from tissue cassettes without damaging written text or barcodes. Its rapid heating system and large grooved work surface allow multiple cassettes to be processed simultaneously, with melted wax collected in a disposable container..

BK001

SPECIFICATIONS

Construction

- Rapid heating system and extra large work surface allows multiple cassettes to be de-waxed simultaneously
- Digital temperature control with memory function for desired start-up temperature
- Neutral slope accessible for both left and right-hand users

Dimensions

- 8" L X 6" W X 7.25" H

Utilities / Power

- Dual Voltage; Operates under both 110V and 230V power supplies

Performance

- Easily removes excess paraffin from tissue cassettes without any damage to written text or barcodes
